### Working and study

As an international student in New Zealand your visa may allow you to work up to 20 hours a week and full time during the holidays.

The main purpose of a student visa is to allow international students to study full time in New Zealand. However, depending on your study programme you may have an opportunity to work while you study.

Many students find part time employment in the hospitality and service industries including restaurants, bars and supermarkets.

In New Zealand there are laws to protect workers, and this includes international students. Find out more about your rights and responsibilities working in New Zealand at [immigration.govt.nz](https://immigration.govt.nz).

For those eligible to work, the following websites can be very helpful:

- [seek.co.nz](https://seek.co.nz)
- [trademe.co.nz](https://trademe.co.nz)
- [sjs.co.nz](https://sjs.co.nz) (Student Job Search).
- [saniti.co.nz/employment](https://saniti.co.nz/employment)

The current adult minimum wage rates (before tax) that apply for employees aged 16 or over are: NZ\$23.15 an hour, which is NZ\$463 for a 20 hour week, or NZ\$926 for a 40 hour week.

# Helpful information

## Immigration New Zealand

The type of visa you will receive depends on the duration of your study. Please refer to Immigration New Zealand's website for further information.

Full details of immigration requirements, advice on rights to employment in New Zealand while studying, and reporting requirements are available from Immigration New Zealand, and can be viewed on their website at [immigration.govt.nz](https://immigration.govt.nz).

## Medical and travel insurance

International students, including groups of students, must have appropriate and current medical and travel insurance while in New Zealand.

NMIT will automatically arrange insurance cover for all students. See [insurancesafenz.com/studentsafe/student-safe-inbound-learners](https://insurancesafenz.com/studentsafe/student-safe-inbound-learners)

Students may choose their own insurance company, however it must comply with the minimum standards required by The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021. If you arrange your own insurance cover, you must supply your Certificate of Insurance and Schedule of Cover, in English, to the Information and Enrolment Centre before the programme start date, email [international@nmit.ac.nz](mailto:international@nmit.ac.nz). Once the insurance policy is evaluated and confirmed as meeting the minimum standards required by the Code of Practice, the policy taken out by NMIT on behalf of the student will be cancelled with the insurance fees refunded to the student.

Insurance cover must be to the length of your visa.

## Code of practice

NMIT has agreed to observe and be bound by the Code of Practice for the Pastoral Care of International Students published by the Ministry of Education. Copies of the Code are available on request from us or [www2.nzqa.govt.nz/tertiary/the-code/](https://www2.nzqa.govt.nz/tertiary/the-code/)

## Dispute resolution

NMIT is your first point of contact for any complaint you have, including any complaint about the international agents/representatives we use.

If a complaint cannot be resolved by NMIT, then the international student Dispute Resolution Scheme (DRS) is a free process for students to resolve any contractual or financial disputes with education providers. The Ministry of Education is responsible for the scheme. Go to [www2.nzqa.govt.nz/tertiary/the-code/the-code-for-learners/learner-complaints/](https://www2.nzqa.govt.nz/tertiary/the-code/the-code-for-learners/learner-complaints/)

## Eligibility for health services

Most international students are not entitled to publicly funded health services while in New Zealand. If you receive medical treatment during your visit, you may be liable for the full costs of that treatment. Full details on entitlements to publicly funded health services are available through the Ministry of Health, and can be viewed on their website at [health.govt.nz](https://health.govt.nz).

## Accident insurance

The Accident Compensation Corporation provides accident insurance for all New Zealand citizens, residents, and temporary visitors to New Zealand but you may be liable for all other medical and related costs. Further information can be viewed on the ACC website at [acc.co.nz](https://acc.co.nz).
