# HE RARANGA MUKA

## DATA ANALYTICS SCHOLARSHIPS

Te Kāhui Raraunga is proud to present He Raranga Muka – Data Analytics Scholarships.

He Raranga Muka Scholarships were established to support the development of Māori voices and perspectives within the field of data science. We aim to enable the next generation of Iwi Māori data scientists to weave their pūkenga raraunga with their Māoritanga, creating new opportunities for themselves, their whānau, hapū & iwi.

We encourage applications from students who are driven by a deep desire to support the aspirations of their iwi through the transformative power of data.
