We are an institute that encourages learning for the students in a wide variety of services. Head Zone aims to mirror the atmosphere of a commercial salon and are preparing our stylist to enter the hairdressing industry.

As we are a training salon there are a few things to consider when making an appointment; **time:** students need time to practice and often this will take longer than a commercial salon.

Skin patch tests: are compulsory for every colour and need to be done within 48 hours of having a colour treatment.

**Open Monday – Friday
by appointment
Late night Tuesday**
