Welcome back to Alert Level 1!

Following the Government announcement yesterday that apart from Auckland, New Zealand has now moved to Alert Level 1. Auckland will remain at Alert Level 2 for the next two weeks.

For NMIT, the change to Alert Level 1 means:

- We encourage everyone to continue contact tracing using the [New Zealand Covid Tracer app\(external link\)](#) on all NMIT campuses and throughout the country. All other methods of contact tracing are no longer required.
- Please continue to maintain good hygiene practices including washing your hands and coughing or sneezing into your elbow. Sanitisers will continue to be available on campus should they be required.
- If you feel unwell, please stay at home.
- Face masks are no longer mandatory, however use of masks on planes and public transport are encouraged.
- All other NMIT requirements and restrictions in relation to COVID-19 have now been removed.

Please visit [COVID19.govt\(external link\)](#) for a further overview of Level 1 requirements.
